## ECO OUTER Block – With Fabric A Corners

Paper piece 16 of these blocks.

1. Print 16 copies of the pdf. (Make sure your printer isn't set to "Fit to page.")
2. Paper-piece in 3 parts, then sew together
3. Finished size will measure 5.25" x 5.0"  
*(correct, the block will not be exactly square, but don't worry about it – just follow the paper-piecing pattern)*
4. Follow this color diagram (the corners are all that's different)

## Reminder about Paper Piecing

When you print out the block it will look like this.

The suggestion is to paper piece the A units together, starting with placing your A1 fabric, then moving to A2, A3, A4, A5, A6, and A7. Similarly, piece B units in order and C units in order.

Then sew the 3 resulting units together to form the finished block.
