# Simply Colorful Spring 2014 Mystery Quilt Challenge
CLUE #1 – 128 Units total

We will be using A & B scraps and Neutrals (N) for this step.

We will be making **64** of these units. (Call them Unit #1A)

Unit #1A

AND, we will be making **64** of these units. (Call them Unit #1B)

Unit #1B

Special Note: *Make sure **not** to switch the location of the N triangle. It's easy to sew it where the small A or small B should go.*   Always keep the LARGE triangle on same side.

Cut all your fabric scraps up first, then mix and match. The scrappier the better.

---

Cutting Instructions:

To create 128 N triangles:
Cut 32 – 4 ¼" x 4 ¼" Neutral squares and cut them on both diagonals.

To create 64 Small A Triangles:
Cut 16 – 4 ¼" x 4 ¼" A squares and cut them on both diagonals.

To create 64 Small B Triangles:
Cut 16 – 4 ¼" x 4 ¼" B squares and cut them on both diagonals.

To create 64 Large A Triangles:
Cut 32 – 3 7/8" x 3 7/8" A squares and cut them on <u>ONE</u> diagonal.

To create 64 Large B Triangles:
Cut 32 – 3 7/8" x 3 7/8" B squares and cut them on <u>ONE</u> diagonal.

Piecing Instructions:

For UNIT #1A: Sew small B triangle to N triangle then sew to large A triangle. You should have 64 of these when you're done. Each finished unit should measure 3.5".

For UNIT #1B: Sew small A triangle to N triangle then sew to large B triangle. You should have 64 of these too. Each finished unit should measure 3.5".

Special Note: _Make sure not to switch the location of the N triangle._ _It's easy to sew it where the small A or small B should go._

That's all there is to Clue #1!

We'll work on this clue on tonight's Simply Colorful Fiber Cast.

Post questions and status photos on Facebook/SimplyColorful.

Clue #2 will be published on February 28th at 7AM EST.
